

Scene 1:

//Project Introduction - The problematic Statements

//Characters : Benedict and his wife

//Plot : Benedict is searching for the dexamethasone supplements in the market for his Co-Rads //6 categorized wife, and he is unable to find it.

Enactment :

1. This is Benedict
2. His wife is a covid patient and is under co-rads 6 category
3. He is in urgent need of dexamethasone for the survival of his wife ,but the medicine is not available in the market.
4. Benedict reached out to social media for his friends to follow up with his story and arrange him medicine
5. But medicine can't be arranged because of lack of information on the social media stories and , the short display period of the stories.
6. By God's grace, the hospital was able to arrange the medicine and his wife was saved. But ,what if the medicine can't be arranged on time
7. Then this could be it.

Scene 2:

//Project Introduction - Aftereffects and The Solution Statement

//Characters : Shaurya and Sidra

//Plot : We are a group of engineers who developed a website to help out the problem statement //based condition.

Enactment :

1. Defying this problem came out a team of two fantabulous engineers ,team S-Square with an idea of covid vitals related specific website
2. That has fixed set of information required for a post and unlimited hosted period.
3. Making the response time to requirements faster and easier.
4. Saving a lot of lives and reaching a greater number of interested/volunteering audience.

Scene 3:

//Project Introduction - Perks after solution statement

//characters : Random guy using social media

//Plot: The random guy is scrolling the social media developed trauma due to the only covid-stuff

Enactment:

1. Also the website can reduce the potential trauma effect by providing a specific platform for posting covid vitals requirements and thus separating the social media from it.
2. Reducing the community trauma effect.

Scene 4:

//Project Introduction - Conclusion and Addons

//characters : People affected by false news

//Plot : The People are dying due to the fake news and information over the internet and stuff

Enactment:

1. The website also covered the specific voice and vaccination pages to gather the real and relevant news to the people too. Reducing the number of deaths caused due to insufficient and unauthenticated wrong news spreading.
2. The project in itself is sufficient to save many lives during the coming covid third wave.
3. Thank you
